---

Juan,

The purpose of this e-mail is to inform you that because we have not received authorization to use the two Environmental Site Assessment (ESA) reports completed for the LH Caribe Inc. facility we are not going to include them as reference material in the LH Caribe Inc PA/SI report. This report is in internal review; it is as we say "pencils down time".

The LH Caribe Inc PA/SI report will be submitted to you later this week.

Thank you,  
Michele

**Subject:** RE: LH Caribe Inc. Preliminary Assessment/Site Inspection (PA/SI) report

Juan,

Can you please assist me with obtaining authorization to use the two Environmental Site Assessment (ESA) reports mentioned in the attached e-mail. The LH Caribe Inc PA/SI report needs to be submitted to EPA by the end of September; the information presented in the PA/SI report will be incomplete if we are not authorized to use these reports. At a minimum it would be beneficial if I were authorized to summarize the pertinent information contained in the ESA reports in a project note.

FYI, The LH Caribe site does not score. Contaminated soil was observed on-site however the nearby water supply well did not exhibit and detections. The groundwater population does not score on potential. Furthermore, bedrock was encountered at the site at depths ranging between 7 feet below ground surface (bgs) and 23.5 feet bgs; therefore contaminated soil present at the LH Caribe Inc site is

unlikely to be the source of contamination of active drinking water wells in Cayey, PR.

Please let me know if you need additional information.

Thank you in advance for your assistance,

Michele Capriglione

Mr. Blanco,

I am following up on my request to include the two Environmental Site Assessments prepared by Pedro Panzardi and Associates (i.e., dated April 1991 and March 1993) as references in the LH Caribe Inc. Preliminary Assessment/Site Inspection (PA/SI) report. WESTON is preparing the PA/SI on behalf of US EPA. Please let me know if you require any further information from me in order to authorize usage of these reports.

Thank you,

Michele Capriglione

Ms. Capriglione, we acknowledge your request and will reply shortly once we obtain authorization to go forward with your request.

Kindly regards,  
Alejandro

Alejandro Blanco

Subject: LH Caribe Inc. Preliminary Assessment/Site Inspection (PA/SI) report

Mr. Blanco,

For the purposes of the investigation of LH Caribe Inc. you provided WESTON with two Environmental Site Assessments (ESA), completed on behalf of Becton Dickenson prior to the purchase of the LH Caribe Inc. property. The purpose of this e-mail is to request permission to include the aforementioned ESAs as references in the LH Caribe Inc PA/SI report that WESTON is completing on behalf of EPA.

Thank you,
